Dear Lisa,

We are writing to express our deep gratitude for your recent support of 9-1-1 for Kids and our Local 9-1-1 Heroes Awards for Southern California this past January. Your commitment, and the commitment of other conscientious individuals, provides tremendous moral support for our mission. Even more significantly, of course, your involvement strengthens our ability to continue and further develop the programs through which we manifest our convictions.

Through your generosity and help, the State of California has embraced 9-1-1 caller training while many children, families and neighborhoods will be better prepared to respond appropriately if faced with an emergency or disaster.

We are very excited to say that the Southern California Local 9-1-1 Heroes Awards Ceremony was an overwhelming success. The public response to our program and its teaching materials was featured on several television news broadcasts and resulted in a tremendous amount of positive and interested responses. Such success would not have been possible without you and the support of all involved.

We are fortunate to have such wonderful, thoughtful friends like you. Thank you for your generous support. We are grateful for all you have done. Please accept our warmest heartfelt thanks.

Very Gratefully Yours,
9-1-1 for Kids
